Dr Paul Matejtschuk

Publications

Differential scanning fluorimetry: rapid screening of formulations that promote the stability of reference preparations
Malik K, Matejtschuk P, Thelwell C, Burns C

International reference preparations to standardise blood group genotyping: evaluation of candidate preparations in an international collaborative study
*Vox sang* 2013; 104; 144-52.

Use of Design of Experiment and Microscale Down Strategies in Formulation and Cycle Development for Lyophilization
Grant Y, Dalby PA, Matejtschuk P
*Amer Pharm Rev* 2012, 15(2);

Cryo-preparation techniques in Transmission Electron Microscopy
MacLellan K, Saibi HR, Blackman MJ, Bannister LH, Matejtschuk P, Schwartz H, Humble BM, Fleck RA
*Cryobiology* 61(3), 2010; 373-4.

The first international standard for antibodies to HPV 16.
Ferguson M, Wilkinson DE, Heath A, Matejtschuk P.
*Vaccine*. 2011;29(38):6520-6

Wadhwa M, Bird C, Hamill M, Heath AB, Matejtschuk P, Thorpe R; Participants of the Collaborative Study.

Release of proteolytic activity following reduction in therapeutic human serum albumin containing products: detection with a new neoepitope endopeptidase immunoassay.
Jones RG, Liu Y, Halls C, Thorpe SJ, Longstaff C, Matejtschuk P, Sesardic D.

Establishment of the 1st World Health Organization International Genetic Reference Panel for quantitation of BCR-ABL mRNA.

Collaborative study for the calibration of a replacement international standard for diphtheria toxoid adsorbed.

Use of dynamic mechanical analysis (DMA) to determine critical transition temperatures in frozen biomaterials intended for lyophilization.

Genetic reference materials and their application to haematology.

Analytical options for the measurement of residual moisture content in lyophilized biological materials

Malik KP, Duru C, Ahmed M, Matejtschuk P

*Amer Pharm Rev* 2010, 13(5) 42-7

The use of microscopy, thermal analysis and impedance measurements to establish critical formulation parameters for freeze drying cycle development

Ward KR, Matejtschuk P

Freeze Drying of Biological Standards

Matejtschuk P, Stanley M, Jefferson P

Rapid optimization of protein freeze-drying formulations using ultra scale-down and factorial design of experiment in microplates.

Grant Y, Matejtschuk P, Dalby PA

*Biotech Bioeng* (2009)104;957-64

The use of impedance analysis for the study of critical events in the frozen state, for formulation and lyo-cycle development

Cook I, Ward K, Malik K, Matejtschuk P

Freeze Drying of Biologicals: Process Development to Ensure Biostability

Matejtschuk P, Malik K, Duru C, Bristow A.

The freeze drying of biologicals: recent trends
Matejtschuk P
*Pharma Focus Asia* 2009 issue 11 pp50-55.

Preparing reference materials for biogenerics
Matejtschuk P
*Pharma Technology (Cavendish Publishing)* 2009 pp 28-32

Optimization of the formulation for a candidate lyophilised tetanus toxoid reference preparation.
Matejtschuk P; Malik K; Tierney R; Sloth Wilhelmsen E; Preneta-Blanc R; Rigsby P; Sesardic D.

Quality control parameters and their relevance to International Standards
Matejtschuk P, Malik K, Duru C, Stephens L, Bristow A
59th WHO ECBS (2008) 15pp ref: WHO/BS/08.2096

The application of analytical methods and model systems in the lyophilisation of complex biomolecules
Matejtschuk P, Malik KP, Duru C, Bristow AF
Proceedings 2007-3, *International Institute of Refrigeration (IIF-II), Strasbourg, France*
ISBN 978-2-913149-60-1

Impact of residual moisture and formulation on Factor VIII and Factor V recovery in lyophilized plasma reference materials.
Hubbard A, Bevan S, Matejtschuk P (2007)
*Anal. Bioanal. Chem* 387(7); 2503-2507

Characterization of a reference material for BCR-ABL (M-BCR) mRNA quantitation by real-time amplification assays: towards new standards for gene expression measurements.
*Leukemia* 21(7); 1481-1487

Lyophilization of proteins.
Matejtschuk P (2007)

Formulation and Freeze Drying for Lyophilised Biological Medicines

Product Stability and Accelerated Degradation Studies
Lyophilization of Biological Standards
Matejtschuk P (2005)
*Cryoletters* 26(4) 223-30

A comparison of vials with ampoules for the storage of biological reference materials
*Biologica**ls* 33 (2) 63-70

Use of a range of analytical techniques in support of the freeze drying of biologicals

Freeze Drying of Biological Standards

Thiophilic chromatography and related methodologies

Investigation into anomalies arising in the preparation of biological standards in ampoules and steps for process optimization
*Amer Pharm Rev* 6(1) 28-40.

Freeze drying microscopy: process optimization in preparation of biological standards
